

Summer 2010 VISTA Pre-Service Orientation

YOU ARE HERE

Staring at a wall, thinking, "What's the deal with this gigantic dot?"

Good question. It represents Chicago's Festival of Maps, which answers questions like: How do maps depict social and economic problems? What would the United States look like upside down? And how do devastating storms like Hurricane Katrina develop? More than 20 cultural and scientific

THE
TRANSMISSION
PROJECT

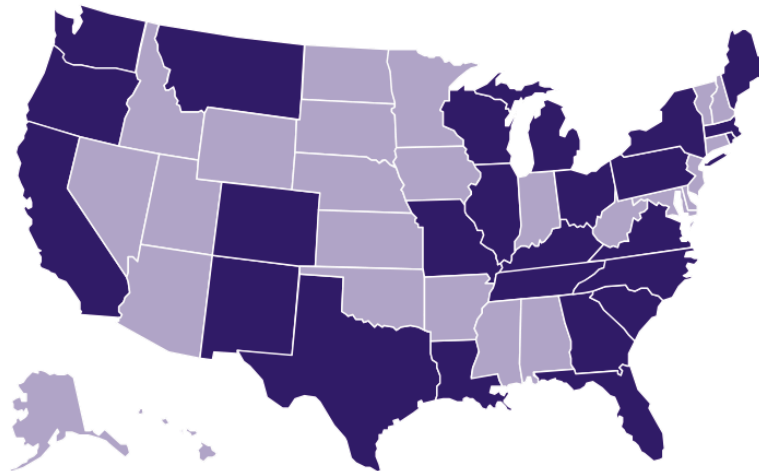

Sustained Practice: 10 Years

National Scope: 26 States

Local Impact: 160 Organizations

Individual Service: 370 Corps Members

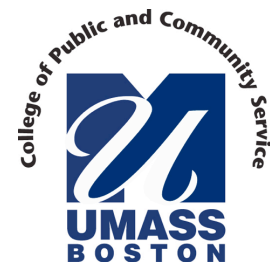

THE
TRANSMISSION
PROJECT

“Amplify the power of media and technology”

Our vision is a robust and diverse media ecology enabling a world built upon the full participation of society

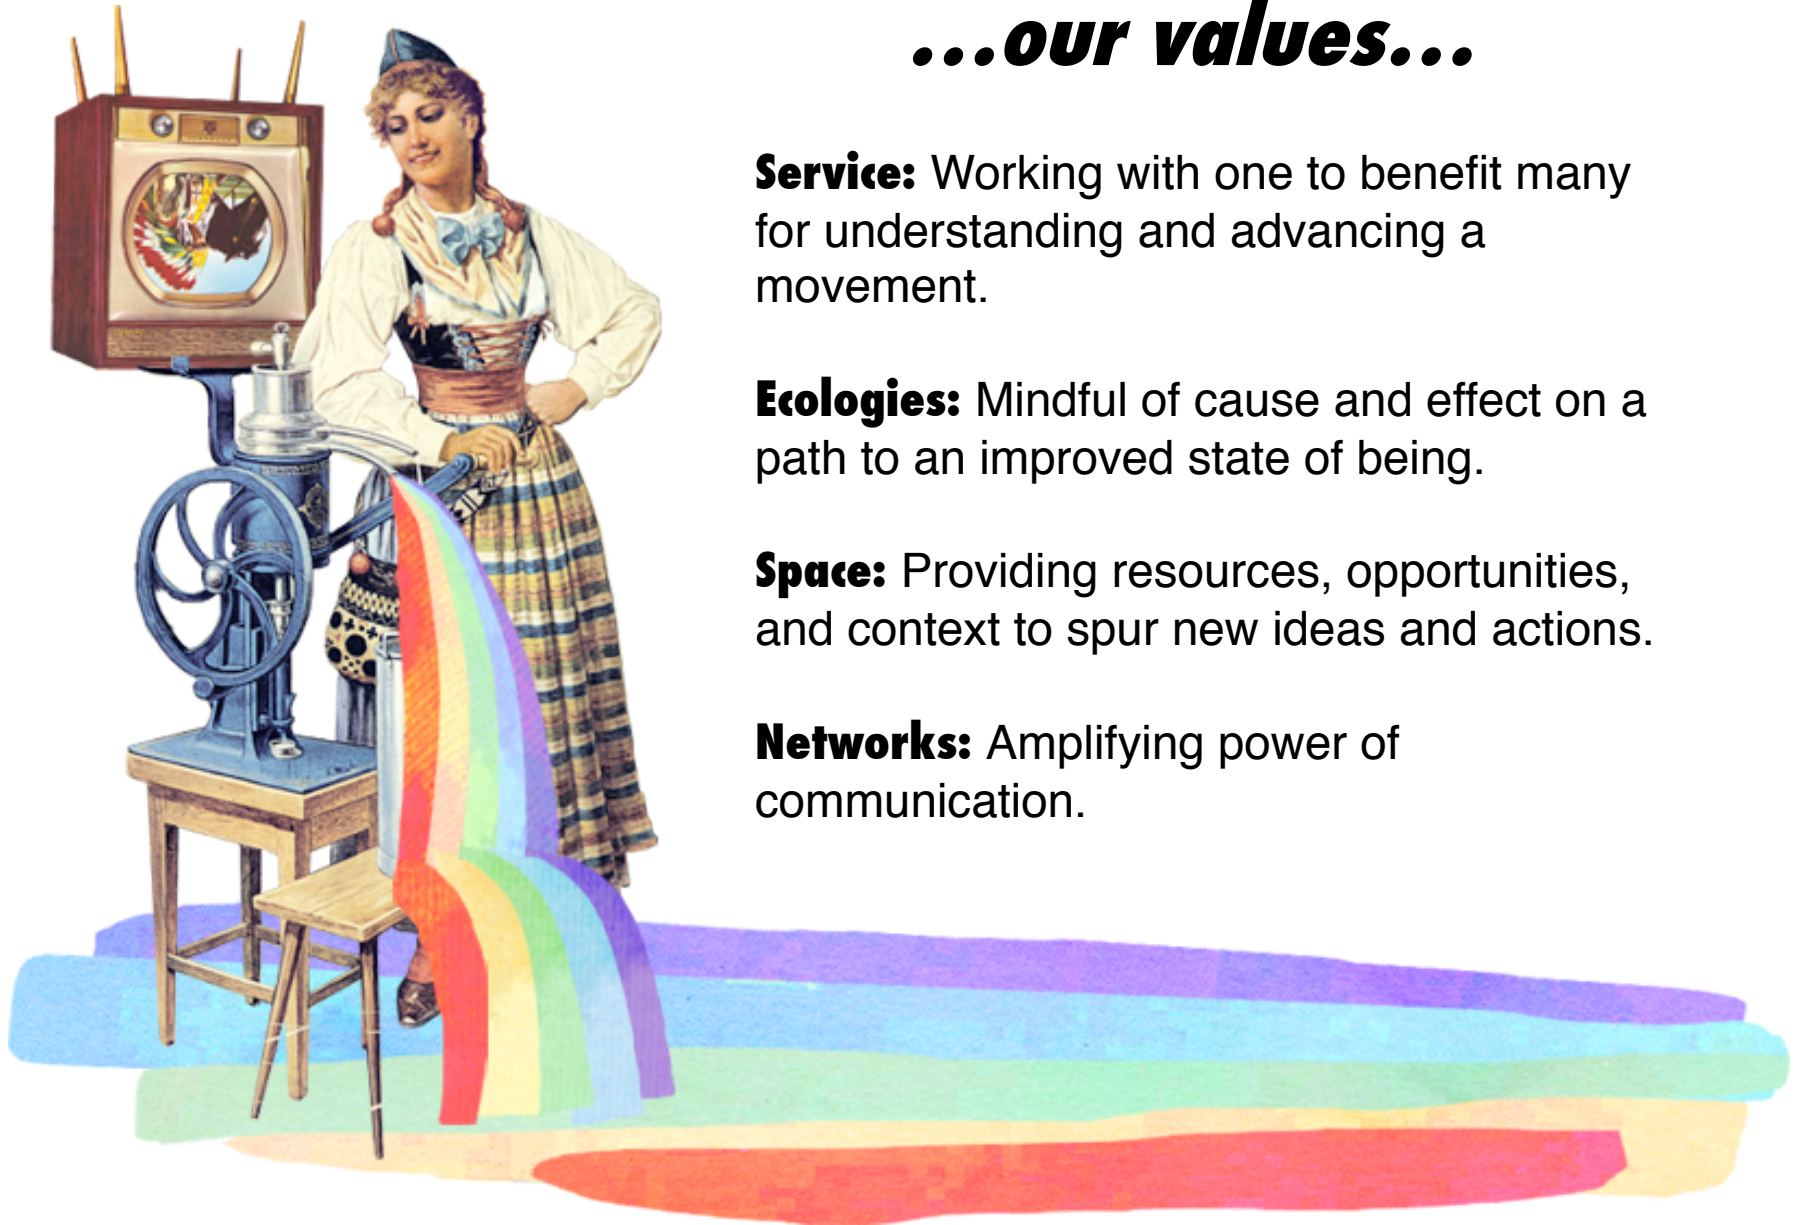

...our values...

Service: Working with one to benefit many for understanding and advancing a movement.

Ecologies: Mindful of cause and effect on a path to an improved state of being.

Space: Providing resources, opportunities, and context to spur new ideas and actions.

Networks: Amplifying power of communication.

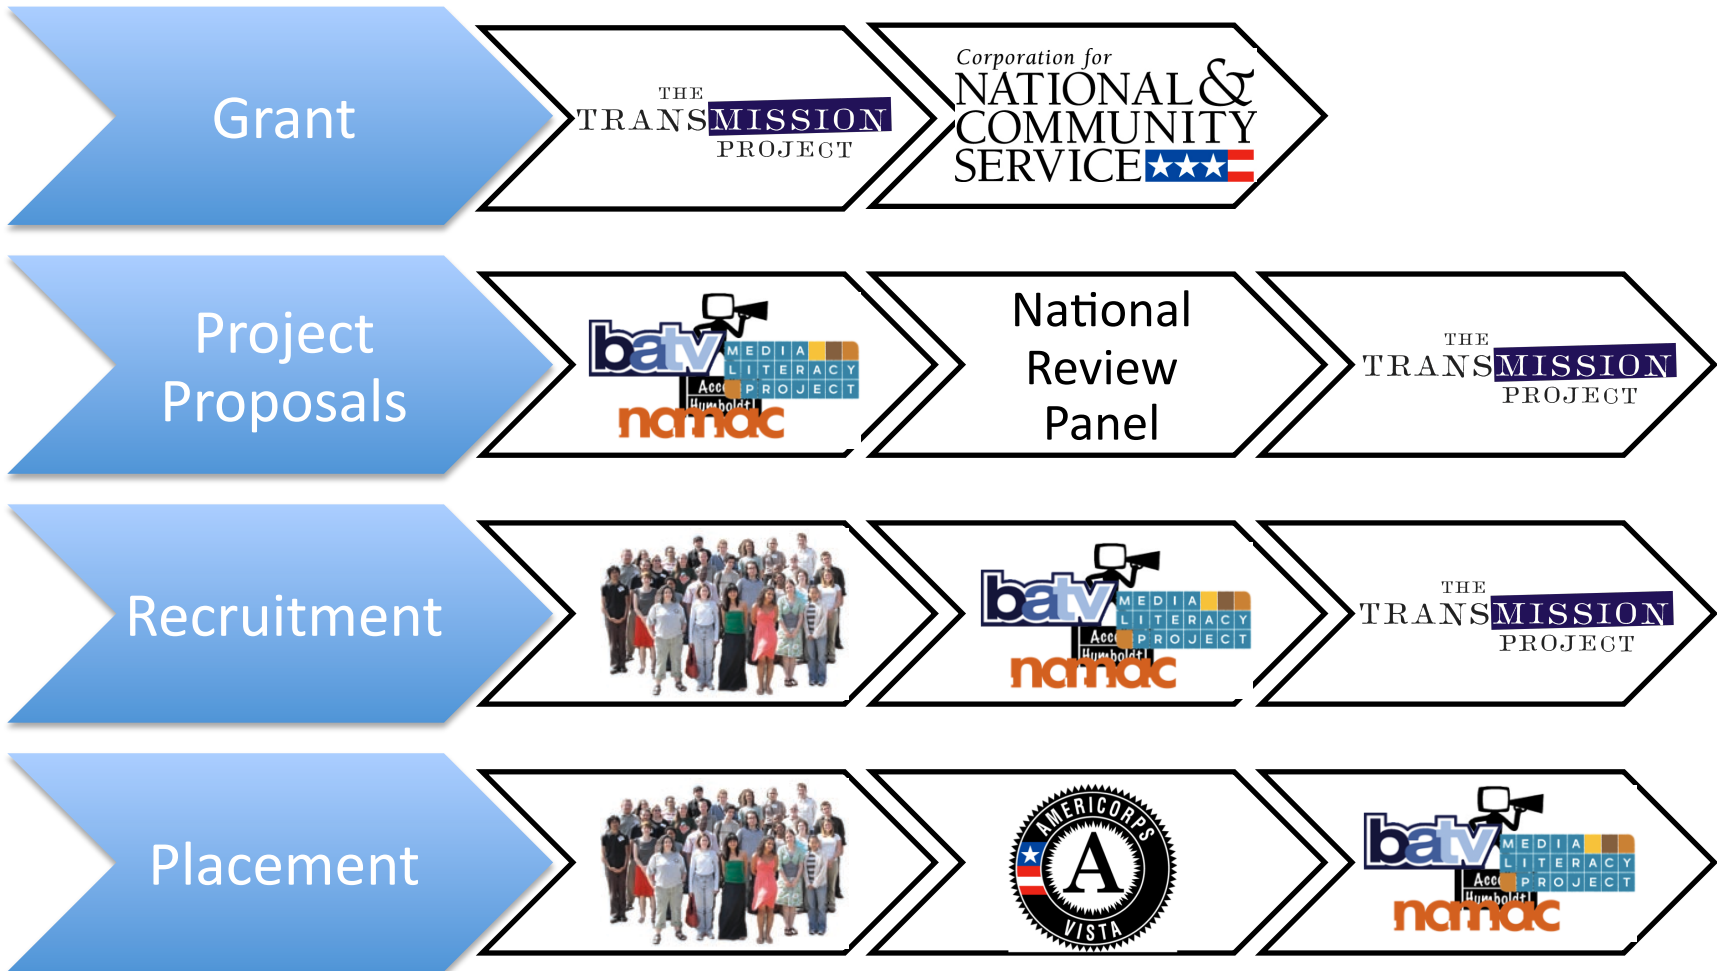

DIGITAL ARTS SERVICE CORPS

“Building the capacity of nonprofit organizations that use media and technology to strengthen communities.”
